

## Request for Principal Investigator (PI) Status for Animal Care and Use Protocols

- I. Name:**
- II. Title:**
- III. Highest Degree Earned:** \_\_\_\_\_ **Year:** \_\_\_\_\_
- IV. Department/Center:** \_\_\_\_\_
- V. College/School:** \_\_\_\_\_
- VI. Funding Source:** \_\_\_\_\_
- VII. Justification:** Please indicate reason(s) below and provide written explanation (attach separate sheets as necessary).
- Faculty position pending resolution of visa.
  - Emeritus faculty appointment. We confirm that a written agreement authorizes continuation of research, teaching, or outreach activities with living vertebrate animals.
  - Served as PI on previous UW-Madison ACUC-approved animal protocol. Protocol is being submitted for ACUC renewal.
  - Necessary for technical and administrative direction of activities involving live vertebrate animals, including fiscal responsibility.
  - Scientist with a research program
  - Other

The completion and approval of this form pertains solely to your ability to serve as Principal Investigator on an Animal Use and Care protocol. Submission of this form to the Research Animal Resources Center (RARC) does not replace the formal campus designation process to serve as a Principal Investigator on an extramural grant proposal, nor does it grant you any of the benefits of campus-designated PI status.
