

Entrepreneurship Seminar

Academic Discovery to Company Formation: Lessons in RNA Therapeutics

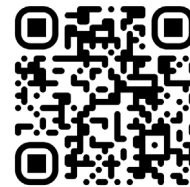

Gene Yeo
Professor and Entrepreneur
UC San Diego

Join us for an engaging conversation and insights with esteemed visiting scientist/entrepreneur [Gene Yeo](#). Hear about [Gene's work](#) and journey from RNA biology and therapeutics to the creation of multiple RNA-focused startups, including [aMBR genomics](#) (here in Madison). He'll discuss his career path and background, highlighting how faculty, trainees, and staff can translate deep science into companies without abandoning their academic identity.

Thursday, September 3
1:00 PM – 2:30 PM
Discovery Building
DeLuca Forum

Register to attend:
